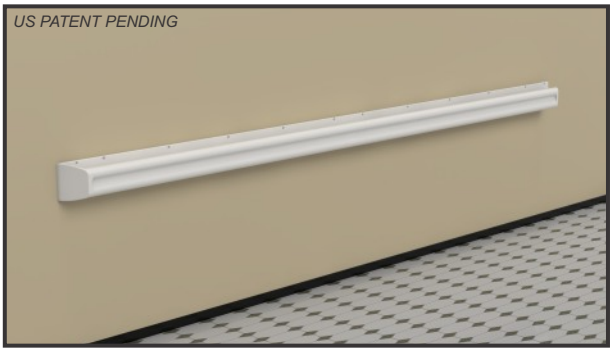
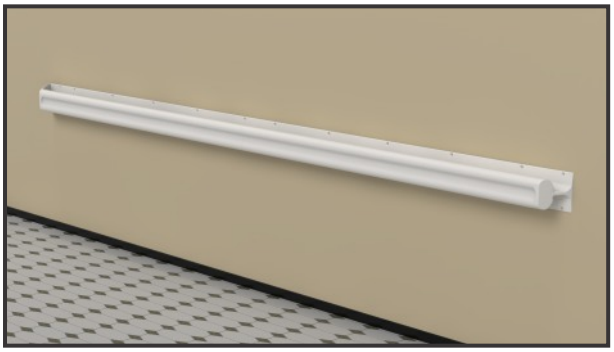
LIGATURE RESISTANT HANDRAIL



Configured Length Handrail - Closed End Shown



Configured Length Handrail - Open End Shown

The BestCare® Ligature Resistant Handrail combines safety with patient friendly looks and function. The unique sectional design is offered in standard Handrail lengths and also allows specifier to create custom Handrail sizes by combining standard components to create lengths to suit application.

Construction is cast aluminum to provide strength while eliminating common ligature points. Sectional design is water resistant and incorporates high density rubber unions for connecting End Caps and Handrail components. Both an Open and Closed End are provided to further reduce potential ligature points.

Standard color is Snow White Enviro-glaze® (EG10) Powder Coat.

Vandal Resistant Mounting Hardware provided consists of Stainless Steel Screws, #10 x 2-1/2" Torx Flat Head with Center Reject Pin which are powder coated white. Wall Anchors shall be provided by others to suit Wall construction. (When alternate Fasteners are needed they shall be provided by others.) Unit is intended for installation from the fixture side.

To configure a Custom Handrail Length:** Select from Components Parts List as follows:

1. Combine one End Cap Package per Handrail assembly.
2. Determine the length and quantity of Extension component pieces*.
3. Add one Union Insert for each Extension Component Length selected.
4. * Note: Total "gripping surface" of Handrail will be equal to the selected Extension Lengths.
5. ** Note: Total "overall length" of Handrail will increase by 5-1/2" [140mm] due to End Caps.

For Standard Handrail Lengths, specify a pre-determined size. Standard sizes reflect the total "gripping surface". Total overall Handrail length increases by 5-1/2" [140mm] with End Caps.

GUIDE SPECIFICATION

Provide and install BestCare® Ligature Resistant Handrail *[Specify Model Number and Length]*. Handrail shall be powder coated white, cast aluminum with a sectional design and shall combine open and closed End Cap and Handrail length(s) assembled with high density Rubber Unions.

LIGATURE RESISTANT HANDRAIL

Division of Acorn Engineering Company® A MEMBER OF MORRIS GROUP INTERNATIONAL

MODEL NUMBER SELECTION *(Standard Sizes)*:

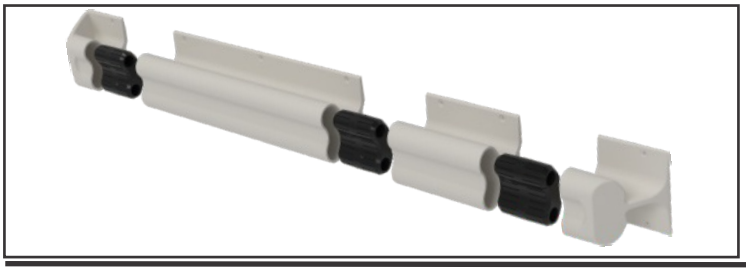
- ❑ WHB-HR18-EG10 18" Handrail Assembly
- ❑ WHB-HR24-EG10 24" Handrail Assembly
- ❑ WHB-HR30-EG10 30" Handrail Assembly
- ❑ WHB-HR36-EG10 36" Handrail Assembly
- ❑ WHB-HR42-EG10 42" Handrail Assembly
- ❑ WHB-HR48-EG10 48" Handrail Assembly

WHB-HR30-EG10 Shown

COMPONENT PARTS LIST *(Specify Quantities of Each)*

(Items listed are EG10 White Color with Mounting Fasteners)

- ❑ _____ WHT13004-010 End Cap Assy (Open & Closed Ends)
- ❑ _____ WHT13006-010 6" Handrail Extension Length
- ❑ _____ WHT13018-010 18" Handrail Extension Length
- ❑ _____ WHT13036-010 36" Handrail Extension Length
- ❑ _____ WHT13002-000 Union Insert *(One Req'd Per Extension)*



WHT13004-010 End Cap Pkg

WHT13006-010, WHT13018-010, WHT13036-010 Handrail Extension Length

WHT13002-000 Union Insert
