► DESCRIPTION/SPECIFICATION

Metcraft wall mounted recessed tissue holder is deep drawn using heavy gauge type 304 stainless steel. Back corners are rounded for easy cleaning and sanitation. Tissue holder is back mounted using 1/4"-20 diameter threaded steel rods and hex nuts. A "U" shaped bracket is provided for wall thickness less than 4 3/4" (121mm). A flat wall plate is used for wall thicknesses greater than 4 3/4" (121mm).
